Reader's Opinions

I'm in LOVE with Countess Aline, with Madrid, with this book, with gripping spy stories! :D Although not quite as good as The Spy Wore Red as far as spy-story part goes, I love how this one tells about Spanish royalty/culture more and her esposo Luis. :)

Another interesting spy tale from the Countess. I like the descriptions of high society life and also Aline is so human...not a super spy like in much of spy-novel fiction...but she gets the job done.
